

Distinguishing Cellular Components

Nathaniel Ostashewski

<http://www.telresources.org/resource1>

TYPE	Activity plan
LEVEL	secondary
MODALITY	classroom-based,blended
SUBJECT	science,biology
TECHNOLOGY	internet resource,presentation,whiteboard
KEYWORDS	venn diagram,biology,cell organelles

Students will review the components of a cell and develop a Venn Diagram that allows them to distinguish between cellular components found in Prokaryotic and Eukaryotic cells.
