

# Getting acquainted with the concept and techniques of fast reading

Elena Trepule

<http://www.telresources.org/resource47>

TYPE	Lesson plan
LEVEL	vocational
MODALITY	online
TECHNOLOGY	internet resource,video,audio,presentation
KEYWORDS	fast reading,effective learning,independent learning

This lesson is part of a 20 hrs online learning course for adults “How to be a more effective independent learner”. In this lesson students will get acquainted with the concept and techniques of fast reading. They will measure their reading speed (wpm – words per minute) speed before the training and after the theoretical input and some drilling. It is expected that learners will increase their reading speed.
